Dear Bill,

In response to the questions below, the NPDES Permit Application was forwarded to PADEP at the end of February 2019. The document which was forwarded to you was the pre-publication Draft NPDES Permit forwarded to TMA for review & comment was sent December 9, 2019. No updated draft nor a Permit renewal has been issued. Issuance of the NPDES Permit is on Administrative Hold at PADEP. The NPDES Permit by which the WWTP is operating was issued effective September 1, 2014, and remains the operating Permit for the TMA WWTP until such times as a Draft Permit is published in the PA Bulletin for review & comment, and then finally issued as new.

We would expect the earliest date for issuance of a new NPDES Permit no sooner the 4<sup>th</sup> quarter, and most likely in 2022.

Thanks Bill –

The Department didn't date the letter. When did the Township receive this? When is the final permit supposed to be issued?

**Subject:** Sewer Committee Meeting / Towamencin / Tuesday May 4th

Good morning –

Attached is proposed agenda for tomorrow evening's Sewer Committee meeting that starts at 6:30 pm.

The first part of the meeting will be preparation for the Management Presentations to the proposers that are scheduled in a few weeks. The 2<sup>nd</sup> attachment is the draft PowerPoint that we will review / critique edit tomorrow evening.

The Township reps will be physically in the meeting hall at the municipal complex while the PFM and Dilworth reps will be participating via Zoom. I will send out the Zoom invite under a separate email.

Following the Management Presentation prep, the committee has other business on the agenda, by the PFM and Dilworth reps are not required and can log off of Zoom.
