

# SNOW REMOVAL

In order to allow for safe and efficient snow removal, Towamencin Township requires all vehicles, trash cans, and sport equipment be removed from the street during a winter storm. The Township Public Works Department follows a snow management plan. This plan determines the order in which roads are cleared. To avoid being plowed in, shovel snow to the right of your driveway (as you are facing the road).

*Remember it is unlawful to throw, shovel or plow snow into any roadways within the Township from adjoining property.*
