Independent Auditors' Report

To the Board of Supervisors
Towamencin Township
Lansdale, Pennsylvania

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Towamencin Township, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise Towamencin Township's basic financial statements as listed in the table of contents.

In our opinion, based on our audit, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Towamencin Township, as of December 31, 2024, and the respective changes in financial position and, where applicable, cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Towamencin Township, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Towamencin Township's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Towamencin Township's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Towamencin Township's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Towamencin Township's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 7 through 17, budgetary comparison information on pages 71 and 72, pension plan information on pages 73 through 78 and postemployment benefits other than pension information on page 79 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

To the Board of Supervisors
Towamencin Township
Lansdale, Pennsylvania

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Towamencin Township's basic financial statements. The Combining Balance Sheets, Combining Schedule of Revenues, Expenditures and changes in fund balances for the governmental funds, the Combining Statement of Fiduciary Net Position, and Combining Statement of Changes in Fiduciary Net Position are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

TOWAMENCIN TOWNSHIP

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) YEAR ENDED DECEMBER 31, 2024

Our discussion and analysis of Towamencin Township's financial performance provides an overview of the Township's financial activities for the fiscal year ended December 31, 2024. Please read it in conjunction with the Township's financial statements which begin with the statement of net position.

FINANCIAL HIGHLIGHTS

- The assets of the Township exceeded its liabilities at the close of the calendar year by \$46,754,672 (net position).
- As of December 31, 2024, the Township's governmental funds reported combined ending balances of \$5,406,476.
- The Township reduced outstanding debt with principal payments of \$2,448,000, including the Towamencin Municipal Authority principal payment of \$464,000.
- As of December 31, 2024, the Township's proprietary funds reported combined ending balances of \$8,858,650 for sewer related operations. Sewer rental fees increased from \$450 in 2023 to \$590 in 2024.
- The Township continued to offer the Homestead and Farmstead exclusions and the real estate tax rate remained at 5.689 mills in 2024.

OVERVIEW OF THE FINANCIAL STATEMENTS

Management's Discussion and Analysis ("MD&A") is designed to focus on the current year's activities and subsequent changes in the Township's financial position and also includes currently known facts that may have a significant impact on the Township's financial position now and in the foreseeable future. The required elements of the general purpose external financial report as:

- Management's Discussion and Analysis
- Basic Financial Statements
- Required Supplementary Information

The Township's basic financial statements are comprised of three components: 1) government-wide financial statements; 2) fund financial statements and 3) notes to the basic financial statements. This report also contains supplementary information in addition to the basic financial statements themselves.

TOWAMENCIN TOWNSHIP

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

YEAR ENDED DECEMBER 31, 2024

Government-Wide Financial Statements - The government-wide financial statements provide a broad overview of Towamencin Township's finances, in a manner similar to a private-sector business. Please note that the Towamencin Township Infrastructure Authority, although considered a major fund of the Township, is discussed in detail in a separate audit. The Statement of Net Position presents information on all of the Township's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Township is improving or deteriorating. The Statement of Activities presents information showing how the government's net position changed during the most recent calendar year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows only in future calendar periods (e.g., uncollected taxes). Both of the government-wide financial statements distinguish functions of the Township that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

- **Governmental Activities:** Most of the Township's basic services are reported in this category. Taxes and intergovernmental revenues generally support these services. Services provided include general government, public safety, highway and streets, and culture and recreation.
- **Business-Type Activities:** The Township charges fees to customers to help it cover all or most of the cost of certain services it provides. The Township provides sewer services.

Fund Financial Statements - The fund financial statements provide detailed information about the major individual funds. A fund is a fiscal and accounting entity with a self-balancing set of accounts that the Township uses to keep track of specific sources of funding and spending for a particular purpose. In addition to the major funds, statements for non-major funds begin on page 80. All of the funds of the Township can be divided into three categories: governmental, proprietary and fiduciary.

- **Governmental Funds:** Most of the Township's basic services are reported in the governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for future spending. The governmental fund financial statements provide a detailed short-term view of the Township's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Township's programs.

Because this information does not encompass the additional long-term focus of the government-wide statements, reconciliations are provided to reconcile between the Governmental Funds Balance Sheet and the Statement of Net Position and between the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances and the Statement of Activities. These funds are reported using modified accrual accounting, which primarily measures cash and other financial assets usable in the short-term.

- **Proprietary Funds:** When the Township charges for the services it provides, these services are generally reported in proprietary funds. Proprietary funds (enterprise) utilize the accrual basis of accounting; the same method used by private sector businesses. Enterprise fund report activities that provide supplies and services to the general public, such as sewer services.

TOWAMENCIN TOWNSHIP

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

YEAR ENDED DECEMBER 31, 2024

- **Fiduciary Funds**: The Township acts as a fiduciary to account for resources held for the benefit of parties outside the government. The Township has two pension funds--Police and Non-Uniform. In addition, the Township maintains escrow accounts for land developments. These funds are reported using accrual accounting. The government-wide statements exclude fiduciary fund activities and balances because these assets are restricted in purpose and do not represent assets available to the Township to finance its operations.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found beginning on page 29 of this report.

Other Information

This information includes combining financial statements for non-major governmental funds. The funds are added together by fund type and presented in single columns in the basic financial statements, but are not reported individually, as is done with major funds, on the governmental fund financial statements. This section also contains the Township's required supplementary pension information.

FINANCIAL ANALYSIS OF THE GOVERNMENT AS A WHOLE

The statement of net position and the statement of activities report information about the Township as a whole and about its activities in a way that helps answer the question, "How did the Township do financially during 2024?". These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by private sector companies. All current year revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Township's net position and changes in them during the year. This change in net position is important because it informs the reader whether the financial position of the Township has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors could include changes in the Township's property tax base and the condition of Township's assets.

In the Statement of Net Position and the Statement of Activities, the Township is divided into two kinds of activities:

- **Governmental Activities** - Most of the Township's basic services are reported here, including general government, public safety, streets and highway, and culture and recreation. Real estate taxes, earned income taxes, permits, fees and charges for services finance most of these activities.
- **Business-Type Activities** - The Township charges a fee to cover the cost of the sanitary sewer system in the Township.

TOWAMENCIN TOWNSHIP

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

YEAR ENDED DECEMBER 31, 2024

The analysis below focuses on the net position (Table 1) and changes in net position (Table 2) of the Township's governmental and business-type activities. Assets and deferred outflows exceeded liabilities and deferred inflows by \$46,754,672 at the close of 2024. This is an increase of \$5,355,192 from the previous year.

Table 1
Condensed Statement of Net Position
December 31, 2024 and 2023

	2024		2023

DEFERRED INFLOWS OF RESOURCES	2,462,841	-	3,057,043	-	2,462,841	3,057,043
NET POSITION						
Net investment in capital assets	36,305,152	628,201	35,736,822	648,797	36,933,353	36,385,619
Restricted net pension asset	992,856	-	149,106	-	992,856	149,106
Restricted - governmental funds	1,346,013	-	1,507,113	-	1,346,013	1,507,113
Unrestricted	(747,999)	8,230,449	(790,687)	4,148,329	7,482,450	3,357,642
TOTAL NET POSITION	\$ 37,896,022	\$ 8,858,650	\$ 36,602,354	\$ 4,797,126	\$ 46,754,672	\$ 41,399,480

The largest portion of the Township's net position, \$36,933,353 is reflected in its investment in capital assets (land, buildings, and equipment) less any related debt, which is still outstanding. The Township uses these assets to provide services to residents; consequently, these assets are not available for future spending, and the resources needed to repay this debt must be provided from other sources. Cash and cash equivalents in the amount of \$13,170,269 represent 21% of the Township's total assets.

Governmental Activities

As indicated by the governmental program expenses, public safety programs and highways/streets services account for approximately 40% and 24%, respectively, of the total expenditures of the Township's governmental activities. General administration and parks and recreation account for approximately 35% combined. Long-term debt interest accounts for 1% of the total expenses.

TOWAMENCIN TOWNSHIP

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

YEAR ENDED DECEMBER 31, 2024

Real estate taxes, earned income tax and other general revenues not restricted or applicable to specific programs provide the major revenue sources for governmental activities. Real estate taxes and real estate transfer taxes provide approximately 49% and 6% of total revenues, respectively. The earned income tax and the local services tax provide 45% of the total revenues. The Township relies on these taxes to furnish the quality of life to citizens and businesses to which the Board of Supervisors has always been committed. Below are the last six years of Real Estate, Real Estate Transfer, Earned Income and Local Service tax receipts:

	<u>2024</u>	<u>2023</u>	<u>2022</u>	<u>2021</u>	<u>2020</u>	<u>2019</u>
Real estate tax	\$ 5,014,301	\$ 4,933,308	\$ 3,974,330	\$ 4,031,234	\$ 3,336,214	\$ 3,319,340
Transfer tax	619,571	682,056	674,960	932,015	403,887	497,868
Earned income tax	4,304,513	4,140,274	4,140,098	3,836,288	3,761,089	3,538,471
Local service tax	383,548	374,909	398,918	388,193	376,261	351,895

Business-Type Activities

The sewage treatment plant and collection system is operated by the Towamencin Municipal Authority (TMA), a component unit of the Township. Treatment plant operations are financed by operating service charges paid by Towamencin Township. The Authority's debt service requirements are also guaranteed by the Township.

Residential properties in the Township pay sewer rent in the amount of \$590 per year. Commercial properties are billed in arrears based on water usage. A connection/tapping fee assessed in accordance with recent state law modifications is charged when a property ties into the system.

During 2024, the Township received tapping fees for 1 residential EDU. Additionally, 1 commercial entity entered into an agreement with the Township to utilize the Sewer System operated by the Township and the Wastewater Treatment Plant operated by the Authority. The total amount received was \$761,654.

Financial Analysis of the Township's Funds

The Township uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the Township's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the Township's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. As of December 31, 2024, the Township's governmental funds reported combined ending balances of \$5,406,476, an increase of \$313,902 as compared to the prior year.

TOWAMENCIN TOWNSHIP

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

YEAR ENDED DECEMBER 31, 2024

The **General Fund** is the chief operating fund of Towamencin Township. As of December 31, 2024, the total fund balance of the General Fund was \$2,380,833, \$2,304,107 of which is unassigned, \$37,150 is assigned to the balance of the township's ongoing comprehensive plan update project, and \$39,576 is for nonspendable prepaid expenses. The General Fund balance itself increased \$800,301 in 2024. The majority of this increase was the result of higher than anticipated earned income tax revenues, real estate transfer tax revenues, and investment income. Key factors attributing to 2024 results overall are as follows:

- Total General Fund Revenues exceeded budget by \$838,271
- Total General Fund Expenditures fell short of budget by \$294,534.

The **Traffic Impact Fund** was created in 1992 subsequent to the enactment of Act 209 of 1991. The impact fee is calculated upon (1) estimated peak afternoon trips generated by future development and (2) Township roadway improvements required to meet the increased demand of traffic. The Roadway Sufficiency Analysis, amended in 1996, resulted in the current per trip fee of \$2,198. These impact fees can be used to fund engineering, right-of-way acquisition and construction of traffic improvements in the Act 209 area.

The **Debt Service Fund** provides payment for all principal and interest on Township general obligation bonds and notes, and capital lease payments, as applicable. A real estate tax (.807 mills) is assessed for this purpose.

As of December 31, 2024, the fund balance of the Debt Service Fund was \$220,823. This is the amount available for future debt service payments.

TOWAMENCIN TOWNSHIP

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

YEAR ENDED DECEMBER 31, 2024

The **General Capital Fund** provides funding for major capital expenditures of the Township. Revenue is provided from an annual transfer from the General Fund, the sale of fixed assets, and various grants. In 2024, intergovernmental revenues were \$549,876 and the sale of assets generated \$118,654. Some expenditures in this fund included ARPA-funded stormwater infrastructure improvement projects along Weikel Road and Central Drive.

The **Park Capital Fund** provides funding for major capital expenditures of the Township. Revenue is provided from interfund transfers, grants, impact fees, and from the sale of fixed assets. Monies spent in this fund in 2024 were used to complete the Bustard Park snack stand roof replacement, yearly tree planting and design for the Grist Mill Park Improvement Project and Green Lane Soccer Fields.

Capital Assets and Debt Administration

Capital Assets - The Township's investment in capital assets for its governmental and business-type activities as of December 31, totals \$43,895,983 and \$628,201, respectively (net of accumulated depreciation). The investment in capital assets includes land, buildings and improvements, machinery and equipment, automobiles and trucks, sanitary sewer, and infrastructure improvements. Infrastructure includes roads, bridges, and traffic signals. The business-type activities are the sanitary sewer lines, pumping stations and equipment.

	Governmental Activities	Business-Type Activities
Land	\$ 4,959,269	\$ -
Sewer system and plant	-	823,864
Construction in progress	860,833	-
Vehicles	2,559,991	-

Buildings and improvements	9,877,546	-
Machinery and equipment	4,345,973	36,372
Infrastructure	60,799,227	-
Accumulated depreciation	(50,477,502)	(232,035)
TOTAL	\$ 43,895,983	\$ 628,201

This year's major additions included:

GOVERNMENTAL ACTIVITIES

Admin and Meeting Hall Roof Replacement	\$ 128,510
Fischer's Park Bocce Courts	52,149

Additional information about the Township's capital assets can be found in Note E on pages 43 and 44 of this report.

Long-Term Debt - At year-end the Township had \$7,391,000 in outstanding bonds and notes compared to \$9,239,000 last year for governmental activities. The principal that is due within one year for governmental activities is \$1,878,000.

TOWAMENCIN TOWNSHIP

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
YEAR ENDED DECEMBER 31, 2024

The Chart below outlines the payment structure of the outstanding bonds and notes for the Township including interest.

Additional information about the Township's long-term debt can be found in Note G on pages 45 through 50 of this report.

Economic Factors

Towamencin Township is comprised of 9.7 square miles in the middle of Montgomery County, approximately 30 miles northwest of Philadelphia. Towamencin has an estimated population of 18,009 and 7,518 households. Municipalities immediately adjacent to Towamencin Township include the Townships of Hatfield, Lower Salford, Upper Gwynedd, Worcester, Franconia, Skippack, and the Borough of Lansdale.

The top five major employers in the Township are:

1. North Penn School District
2. SKF USA, Inc.
3. Almac Clinical Technologies
4. Greene Tweed & Co Inc.
5. Accupac Inc.

TOWAMENCIN TOWNSHIP
MANAGEMENT’S DISCUSSION AND ANALYSIS (Unaudited)
YEAR ENDED DECEMBER 31, 2024

The assessed valuations of the three largest real estate taxpayers are:

1.	Towamencin Apt. Joint Venture Jacobs Woods Apartments	\$26,381,000
2.	Lansdale Fee Owner LLC Ave Lansdale Apartments	\$20,700,000
3.	Hatfield Mennonite Home Dock Woods Community, Inc. Dock Terrace Nursing Home	\$13,666,300

NEXT YEAR’S BUDGET

The elected officials of Towamencin Township consider many factors when establishing budget appropriations, tax rates and fee schedules. The 2025 real estate tax rate will remain at 5.689 mills and the homestead and farmstead exemptions will be maintained at \$50,000. Therefore, the median household with a 160,000 real estate tax assessment will pay \$626 in real estate taxes. Approximately 4,300 homeowners in the Township participate in the homestead exemption program.

The sewer rental fee will remain at \$590 per EDU in 2025 to cover increasing sewer plant operating costs and to continue raising funds for the township’s eight-year, \$39 million sewer capital improvement plan.

On the expense side, the Township plans to continue repairs needed to the Skippack Creek Interceptor (SCI). The 2025 Sewer Capital Fund budget appropriates monies for grant-funded Phase 2 SCI replacements and design work for SCI Phase 3. Phase 2 will replace approximately 1,200 linear feet of 18” asbestos cement pipe in the SCI at an estimated cost of \$1 million.

Governmental capital projects funded through Liquid Fuels Fund and General Capital Fund appropriations include the annual roadway paving and ADA-compliant ramp projects and \$388,150 for the Sumneytown Pike & Forty Foot Road System Upgrade project which is partially funded by a Green Light-Go Program grant. Projects also appropriated in these funds include the Forty Foot Road Project traffic signal; and design costs for upcoming stormwater projects (Central Drive, Skippack Creek MS-4 Pollution Reduction Plan).

Park Capital Fund appropriations are headlined by the \$788,000 Grist Mill Park project which is partially funded by a \$250,000 Community Conservation Partnership Program grant and a \$175,000 Local Share Assessment Grant.

Despite budgeting challenges created by present-day economic conditions, the Township strives to provide the same high level of services to its residents as in past years.

TOWAMENCIN TOWNSHIP

RECONCILIATION OF TOTAL GOVERNMENTAL FUNDS BALANCES TO NET POSITION OF GOVERNMENTAL ACTIVITIES DECEMBER 31, 2024

TOTAL GOVERNMENTAL FUNDS BALANCES	\$ 5,406,476
-----------------------------------	--------------

Capital assets used in governmental activities are not current financial resources and therefore are not reported in the fund financial statements but are reported in the governmental activities of the statement of net position. Those assets consist of:

Land	4,959,269
Construction in progress	860,833
Land improvements, net of accumulated depreciation of \$3,669,079	7,301,567
Buildings and improvements, net of accumulated depreciation of \$4,221,668	5,655,878
Machinery and equipment, net of accumulated depreciation of \$3,481,473	864,500
Vehicles, net of accumulated depreciation of \$1,912,930	647,061
Infrastructure, net of accumulated depreciation of \$37,192,352	23,606,875
	<u>43,895,983</u>

Deferred inflows and outflows of resources related to pension activities are not financial resources and, therefore, are not reported in the Governmental Funds.	<u>(428,964)</u>
--	------------------

Deferred inflows and outflows of resources related to OPEB activities are not financial resources and, therefore, are not reported in the Governmental Funds.	<u>(555,900)</u>
---	------------------

Some of the Township's revenues will be collected after year end but are not available soon enough to pay for the current period's expenditures and, therefore, are deferred in the funds.	<u>29,541</u>
--	---------------

Pension assets resulting from contributions in excess of the annual required contribution are not financial resources and, therefore, are not reported in the funds.	<u>992,856</u>
--	----------------

Long-term assets and liabilities applicable to the Township's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in Governmental Funds but rather is recognized as an expenditure when due. All assets and liabilities--both current and long-term--are reported in the statement of net position. Balances at December 31, 2024, are:

Accrued interest on bonds	(1,903)
Bonds and note payable	(7,391,000)
Compensated absences	(52,121)
Total OPEB liability	(3,998,946)
	<u>(11,443,970)</u>

NET POSITION OF GOVERNMENTAL ACTIVITIES	\$ <u>37,896,022</u>
---	----------------------

TOWAMENCIN TOWNSHIP

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES YEAR ENDED DECEMBER 31, 2024

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS	\$	313,902
--	----	---------

Governmental Funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation (\$2,189,603) exceeds capital outlays (\$1,113,819) in the current period.

	(1,075,784)
--	-------------

The net effect of various miscellaneous transactions involving capital assets (i.e. sales and disposals) is to decrease net assets.

	(4,055)
--	---------

Revenues in the statement of activities that do not provide current resources are not recorded as revenues in the funds.

	(8,215)
--	---------

The issuance of long-term debt (e.g., bonds, note, leases) provides current financial resources to Governmental Funds, while the repayment of the principal of long-term debt consumes the current financial resources of Governmental Funds. Neither transaction, however, has any effect on net position. Also, Governmental Funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Principal repayments	1,848,000
----------------------	-----------

Under the modified accrual basis of accounting used in the Governmental Funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due rather than as it accrues. This adjustment combines the net changes of these balances.

Compensated absences	(20,396)
OPEB expense	72,794
Pension expense	166,925
Accrued interest on bonds	497

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Scope of Reporting Entity

Towamencin Township (the "Township") was created in 1728 and operates under the Second Class Township Code as prescribed by the Commonwealth of Pennsylvania. The Township's major services include safety, health and welfare, fire protection, parks and recreation and general administration.

For financial reporting purposes, Towamencin Township's primary government includes all departments and agencies, bureaus, boards, commissions and certain authorities that make up the Township's legal entity. The Township's reporting entity also is comprised of its component units, which are legally separate organizations for which the Township's elected officials are financially accountable.

Financial accountability is defined in GASB Statement No. 61, *The Financial Reporting Entity: Omnibus, an amendment of GASB Statements No. 14 and No. 34*. The Township is financially accountable for legally separate organizations if it appoints a voting majority of the organization's board and (1) it is able to impose its will on that organization; or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the Township. The Township also may be financially accountable if an organization is fiscally dependent on the Township regardless of whether the organization has a separately elected governing board, a governing board appointed by a higher level of government or a jointly appointed board. Blended and Fiduciary component units are legally separate entities; however, they place a financial burden on the Township and the Township can impose its will on them. Thus, blended and fiduciary component units are appropriately presented as funds of the primary government. Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

Blended Component Units

Some component units, despite being legally separate from the primary government (Township), are intertwined with the primary government and are reported as part of the primary government. Towamencin Township has two blended component units.

The Towamencin Authority ("TTA") is considered a component unit of the Township. The Towamencin Authority is a public corporation incorporated on March 3, 1998 by Towamencin Township under the authority of the Municipal Authorities Act of 1945. The Towamencin Authority is organized for the purpose of undertaking certain projects, associated with land owned or leased by Towamencin Township, which have been specified from time to time by resolution or ordinance of the Township's governing body. The Township provides, at a nominal charge, office space and personnel for use by the Towamencin Authority.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fiduciary Component Units

- The Police Pension Plan is a single employer defined benefit pension plan that provides pensions for all regular, full-time sworn police officers. Although the plan is a separate legal entity it is reported as if it is part of the government as it is governed by a board of trustees comprised of members appointed by the Township Supervisors and the Township is responsible for funding the plan. The plan is reported as a fiduciary fund and does not issue separate financial statements.
- The Non-Uniformed Employees' Pension Plan is a single employer defined benefit pension plan that provides pensions for all non-uniformed employees of the Township. Although the plan is a separate legal entity it is reported as if it is part of the government as it is governed by a board of trustees comprised of members appointed by the Township Supervisors and the Township is responsible for funding the plan. The plan is reported as a fiduciary fund and does not issue separate financial statements.

Discretely Presented Component Unit

In conformity with GAAP, the Towamencin Municipal Authority has been included in the reporting entity as a discretely presented component unit in a separate column in the financial statements to emphasize that it is legally separate from the Township. The Authority owns and operates the sewage treatment plant located on Kriebel Road and owns the sewer system in Towamencin Township, which is leased back to the Township for operation and maintenance. The Authority reports on the accrual basis of accounting. Under this basis of accounting, revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of the related cash flows.

Complete financial statements for the individual component units may be obtained at the Township's administrative offices.

Government-Wide and Fund Financial Statements

Government-Wide

The statement of net position and the statement of activities display information about the Township as a whole. These statements distinguish between activities that are governmental and those that are considered business-type. These statements excluded fiduciary activities such as pension and custodial funds.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting as further defined under proprietary funds below. This is the same approach used in the preparation of the proprietary fund and fiduciary fund financial statements. Therefore, governmental fund financial statements included reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements of governmental funds.

The government-wide statement of activities presents a comparison between expenses and program revenues for each different identifiable activity of the business-type activities of the Township and for each governmental program. Expenses are those that are specifically associated with a service or program and therefore are clearly identifiable to a particular function. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Revenues which are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each function is self-financing or draws from the general revenues of the Township.

Internal activity is limited to interfund transfers, which are eliminated to avoid "doubling up" revenues and expenses. Net position is reported as restricted when constraints placed on net position use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislations. The net position restricted for other purposes result from the sewer capital projects fund and the restrictions on their net position use.

Fund Financial Statements

Fund Financial Statements report detailed information about the Township. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. The major governmental funds are each presented in a single column on the governmental fund financial statements. Fiduciary fund financial statements are presented by fund type. All governmental funds are accounted for using the modified accrual basis of accounting and the current financial resources measurement focus. Under this basis, revenues are recognized in the accounting period in which they become measurable and available. For this purpose, the government considers revenues to be available if they are collected within 30 days of the end of the current fiscal period. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable. Major governmental funds of the Township include the general fund, the traffic impact fund, the Infrastructure Authority fund, the debt service fund, and Fischer's Park Fund. All other governmental funds are grouped together and presented in a separate column as nonmajor governmental funds. They include the highway aid fund, parks and recreation fund, fire fund, street light fund, park capital fund, public arts fund, pool fund, general capital fund, EMS fund, and Towamencin Authority fund.

The Township reports the following major governmental funds:

- The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

TOWAMENCIN TOWNSHIP

NOTES TO THE BASIC FINANCIAL STATEMENTS

DECEMBER 31, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- The *Traffic Impact Fund* is a capital projects fund maintained to account for the accumulation of resources for acquisition of fixed assets.
- The *Debt Service Fund* accounts for proceeds of special revenue sources that are restricted to the repayment of debt.
- The *Fischer's Park Fund* accounts for proceeds of special revenue sources that are restricted to capital projects and operating expenses.
- The *General Capital and Park Capital Funds* provide funding for major capital expenditures of the Township.

The Township reports the following proprietary funds:

- The *Sewer Fund* is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The *Sewer Fund* accounts for the Township's sewer system. The *Sewer Capital Fund* accounts for accumulation of resources to pay for capital improvements for the sewer operations.
- The Township, specifically its *Sewer Fund*, leases the sewage collection system, located within its geographic boundaries, from the Towamencin Municipal Authority (TMA). The *Sewer Fund* operates the sewer system and charges the owners of each property connected to the sewer system rents which shall be sufficient to pay (1) TMA service charges and operating expenses under the service agreement and (2) *Sewer Fund* operating expenses. TMA has agreed, pursuant to the service agreement, to treat and dispose of the sewage received from the sewage collection system.

Additionally, the government reports the following fiduciary fund types:

- The *Pension Trust Funds* account for the activities of the Police and Non-Uniformed Pension plans, which accumulate resources for pension benefit payments to qualified employees.
- The *Custodial Fund* accounts for monies held by the Township on a purely custodial basis.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In applying the "susceptible to accrual concept" under the modified accrual basis, revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers property and earned income tax revenue to be available if collected within 30 days of the end of the fiscal period. Revenues for state and federally funded projects are recognized at the time all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the Township must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Township on a reimbursement basis.

Revenue Recognition

Property tax and earned income tax receivables collected after 30 days from year end, though measurable, are not available soon enough in the subsequent year to finance current period obligations. Therefore, property and earned income tax receivables are recorded and deferred until they become available.

Other revenues, including certain other charges for services and miscellaneous revenues are recorded as revenue when received in cash because they generally are not measurable until actually received.

Expenditure Recognition

The Measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. However, principal and interest on general long-term debt which has not matured are recognized when paid. Further, as provided in GASB Interpretation No. 6 "Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements," certain governmental fund liabilities and expenditures, such as for compensated absences, are recognized to the extent the liabilities mature (come due for payment) each period. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

Proprietary Funds

Proprietary funds are accounted for using the accrual basis of accounting. These funds account for operations that are financed primarily by user charges. The economic resource focus concern determining costs as a means of maintaining the capital investment and management control. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Allocations of certain costs, such as depreciation, are recorded in proprietary funds. The Township's only proprietary funds are enterprise funds. These funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary fund's principal ongoing operations. The principal operating revenues of the Township's enterprise funds are sewer fees. Operating expenses for the Township's enterprise funds include sewer disposal, supplies and administration costs. All revenues or expenses not meeting this definition are reported as non-operating revenues and expenses.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

Assets, Liabilities and Net Position or Fund Balance

Deposits and Investments

The Township's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

With the exception of Pension Trust Funds, statutes authorize the Township to invest in: 1) obligations, participations and other instruments of any Federal agency, 2) repurchase agreements with respect to U.S. Treasury bills or obligations, 3) negotiable certificates of deposit, 4) bankers' acceptances, 5) commercial paper, 6) shares of an investment company registered under the Investment Company Act of 1940 whose shares are registered under the Securities Act of 1933, and 7) certificates of deposit of banks, savings and loans, and savings banks both within and outside the Commonwealth of Pennsylvania, provided such amounts are insured by the Federal Deposit Insurance Corporation (FDIC) or other like insurance, and that deposits in excess of such insurance are collateralized by the depository under PA Act 72. Under Act No. 72, enacted by the General Assembly of the Commonwealth of Pennsylvania, the funds deposited with the various banks are permitted to be secured on a pooled basis with all other public funds which the banking institution has on deposit. These may be bonds of the United States, any state of the United States, or bonds of any political subdivision of Pennsylvania or the general state authority or their authorities created by the General Assembly of the Commonwealth of Pennsylvania or insured with the Federal Deposit Insurance Corporation. The market value of such bonds pledged must equal 120% of the funds deposited. The security pledged by the various depositories utilized during the year and at December 31, 2024, was in excess of the minimum requirements just described.

TOWAMENCIN TOWNSHIP

NOTES TO THE BASIC FINANCIAL STATEMENTS

DECEMBER 31, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Township has adopted GASB Statements No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, No. 72, *Fair Value Measurement and Application* and No. 79 *Certain External Investment Pools and Pool Participants*. In accordance with these Statements, investments in marketable securities with readily determinable fair value and all investments in debt securities are reported at their fair values. Investments in qualifying external investment pools are reported at amortized cost basis.

The law provides that the government's Pension Trust Funds may invest in any form or type of investment, financial instrument, or financial transaction if determined by the government to be prudent. Investments for the Township, as well as for its component units, are reported at fair value. The Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion on interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the entity-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All receivables are shown net of an allowance for uncollectible accounts, where appropriate. Since the Township has the ability to lien properties for unpaid sewer charges, no formal process is undertaken to determine an allowance for uncollectible accounts. However, in order to be fiscally prudent, the Township has established a \$50,000 allowance for uncollectible sewer accounts. At December 31, 2024, all tax receivables were deemed to be fully collectible. There is no tax receivable allowance due to the materiality of the outstanding receivables and the ability of the Township to lien property for unpaid taxes.

Property taxes are levied as of January 1 on property values assessed as of the same date. Taxes are billed March 1 and payable under the following terms: a 2% discount March 1 through April 30; face amount May 1 through June 30; and a 10% penalty after July 1. Any unpaid bills at December 31 are subject to lien, and penalties and interest are assessed.

For 2024, tax was levied on the assessed value of real estate at a total of 5.689 mills.

Other taxes levied in 2024 were real estate transfer taxes, earned income tax, and local service tax.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets

Capital assets, which include property, land and equipment, are reported in the applicable governmental or business-type activities columns in the entity-wide financial statements as well as in the proprietary fund financial statements. Capital assets are defined by the Township as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed, inclusive of ancillary costs.

Property, plant and equipment of the Township are depreciated using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Land improvements	5-50
Building and improvement	5-50
Machinery and equipment	5-10
Vehicles	5-10
Infrastructure	20-100

Compensated Absences

Vacation and compensatory time is accrued when earned. Employees, upon termination, will receive compensation for unused vacation time accumulated, but unused sick time is forfeited. Police officers receive unlimited sick time with no carryovers. Non-uniformed employees may accumulate sick time to a maximum of 90 days. Typically, no vacation time carryovers are allowed for either police officers or non-uniformed employees; however, it is the Township's policy to permit certain employees who have obtained written permission to accumulate earned but unused vacation time. The accumulation is subject to terms discussed in the collective bargaining agreements.

Long-Term Obligations

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities. If bond premiums or discounts exist, they are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of any applicable bond premium or discount. Issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Any premiums received on debt issuances are reported as other financing sources while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net Position and Fund Balance

In the government-wide and proprietary fund financial statements, net position is classified in the following categories:

Net Investment in Capital Assets - This category groups all capital assets, including infrastructure, into one component of Net Position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance of this category.

Restricted Net Position - This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position - This category represents net position of the entity, not restricted for any project or other purpose.

Governmental funds report fund balance in classifications based primarily on the extent to which the Township is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. Fund balance for governmental funds can consist of the following:

Nonspendable Fund Balance - includes amounts that are (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example: inventories, prepaid amounts, and long-term notes receivable.

Restricted Fund Balance - includes amounts that are restricted for specific purposes stipulated by external resources providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.

Committed Fund Balance - includes amounts that can only be used for the specific purposes determined by a formal action of the Township's highest level of decision making authority, the Board of Supervisors. Commitments may be changed or lifted only by the Township taking the same formal action that imposed the constraint originally (for example: resolution and ordinance).

Assigned Fund Balance - includes amounts intended to be used by the Township for specific purposes but do not meet the criteria to be classified as committed. The governing body, the Board of Supervisors, has by resolution authorized the Township Manager or Finance Director to assign fund balance. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Unassigned Fund Balance - this residual classification is used for all negative fund balances in Special Revenue, Capital Projects, and Debt Service funds; or any residual amounts in the General Fund.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned, and unassigned. In all cases, encumbrance amounts have been assigned for specific purposes for which resources already have been allocated.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Township has two item that qualifies for reporting in this category. The deferred outflows relate to pension and OPEB activity.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Township has three items that qualify for reporting in this category. The deferred inflows relates to pension activity, OPEB activity and unavailable revenues.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from the estimates.

Adoption of New Accounting Standard

The Township implemented GASB Statement No. 101, Compensated Absences, effective January 1, 2024. The objective of GASB 101 is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Leave is attributable to services already rendered when an employee has performed the services required to earn the leave. Leave that accumulates is carried forward from the reporting period in which it is earned to a future reporting period during which it may be used for time off or otherwise paid or settled. In estimating the leave that is more likely than not to be used or otherwise paid or settled, a government should consider relevant factors such as employment policies related to, and historical information about, the use or payment of compensated absences. The adoption of GASB 101 did not have a material impact on the financial statements.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Component Unit - Towamencin Municipal Authority

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting, whereby revenues are recognized when earned and expenses when incurred.

Proprietary Funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with a Proprietary Fund's obligations. The principal operating revenues of the Authority are sewer service and tapping fees. Operating expenses include cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Cash and Cash Equivalents

For purposes of reporting cash flows, all highly liquid investments with original maturities of three months or less are considered cash equivalents.

Property, Plant and Equipment

The Authority defines property, plant and equipment as assets with an initial individual or project cost equal to or greater than \$2,000 that have an estimated useful life in excess of one year.

Property, plant and equipment are stated at cost. A provision for the depreciation of fixed assets has been recorded effective in the year 1975.

The Authority is depreciating plant assets over a period of 20 to 40 years and equipment over periods of five to ten years.

Expenditures for maintenance, repairs and minor replacements are expensed as incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE B - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

Annual budgets are adopted on a modified accrual basis of accounting for all Township funds, which is consistent with generally accepted accounting principles. All annual appropriations lapse at fiscal year-end.

The Board of Township Supervisors each year, at least 30 days prior to adoption of the annual budget, begins preparation of a proposed budget for all funds for the fiscal year, which commences on the first day of January of each year, and by resolution appropriates, out of the revenues available for the year, the specific sums required as shown by the budget as finally adopted. The total appropriation shall not exceed the revenues estimated as available for the fiscal year.

Upon preparation of proposed budget, the Supervisors give public notice by advertisement in at least one newspaper of general circulation in the Township that the proposed budget will be available for public inspection. After the budget has been available for public inspection for 20 days, the Supervisors adopt the budget not later than the 31st day of December.

The Supervisors may at any time by resolution make supplemental appropriations for any lawful purposes from any funds on hand or estimated to be received within the fiscal year and not otherwise appropriated, including the proceeds of any borrowing authorized by law.

Budgeted amounts are reported as originally adopted. Unexpended budget amounts lapse at the end of the year. The Supervisors may take specific action to reserve or designate fund equity.

During the month of January, following any municipal election, the Supervisors may amend the budget and levy and tax rate to conform to its amended budget. Any amended budget must be adopted by the Township Supervisors on or before the 15th day of February.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders) outstanding at year end lapse.

NOTE C - DEPOSITS AND INVESTMENTS

Custodial Credit Risk - Deposits: In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The government's policy is to require their banking institution to provide a letter stating that they follow the Commonwealth of Pennsylvania Act 72, where all funds in excess of federal depository insurance limits held by the bank are collateralized in public funds secured on a pooled basis. At December 31, 2024, the carrying amount of the Township's funds deposits was \$23,985,818 and the bank balance was \$24,048,569. Of the bank balance, \$500,000 was covered by federal depository insurance, \$15,418,871 was exposed to custodial credit risk because it was uninsured and the collateral held by the depository's agent was not in the Township's name, and \$8,129,698 is held in state investment pools, which are uncollateralized and uninsured.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE C - DEPOSITS AND INVESTMENTS (Continued)

Custodial Credit Risk - Investments: For an investment, this is the risk that, in the event of a failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The risks of default are eliminated due to the constraints imposed upon allowable investment instruments by the Township's investment policy and through state limitations.

As of December 31, 2024, the Township had the following investments and maturities:

Investment Type	Amortized Cost	Investment Maturities			
		Fair Value	Less Than 1 Year	1 to 5 Years	6 to 10 Years
FIDUCIARY FUNDS					
Government securities	\$ -	\$ 1,244,680	\$ 7,351	\$ 254,151	\$ 983,178
Corporate bonds	-	867,211	9,335	271,013	586,863
Equity mutual funds	-	2,065,288	-	-	-
Common stocks	-	19,213,103	-	-	-
TOTAL FIDUCIARY FUNDS	\$ -	\$ 23,390,282	\$ 16,686	\$ 525,164	\$ 1,570,041

Interest Rate Risk - This is the risk that changes in interest rates will adversely affect the fair market value of an investment. The Township adopted an investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk - This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits the investment of governmental funds as described in Note A. The government has a formal investment policy for credit risk.

Fair Value Measurement - The Township categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are those that lack significant observable inputs. At December 31, 2024, the Township had \$21,278,391 of Level 1 investments in equity mutual funds and common stock; and \$2,111,891 of Level 2 investments in government securities and corporate bonds.

Concentration of Credit Risk - This is the risk of loss attributed to the magnitude of a government's investment in a single issuer. There were no investments greater than 5% in any one single issuer that would be considered a concentration of credit risk for the government.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE C - DEPOSITS AND INVESTMENTS (Continued)

Component Unit - Towamencin Municipal Authority

Cash and cash equivalents consist of bank deposits, money market funds and certificates of deposit. All Authority deposits are entirely insured (FDIC) or collateralized under a pooled asset program to secure public deposits, as required under Commonwealth of Pennsylvania law. As of December 31, 2024, \$2,252,696 of the Authority’s bank balance of \$2,502,696 was exposed to custodial credit risk. \$250,000 was insured and \$2,252,696 was uninsured and collateralized with securities held by pledging bank’s trust departments not in the Authority’s name.

Cash and cash equivalents are summarized as follows:

	<u>Bank Balances</u>	<u>Carrying Amount</u>
CURRENT ASSETS		
Operating	\$ 1,120,669	\$ 1,098,486
RESTRICTED		
Capital improvements	<u>1,382,027</u>	<u>1,379,777</u>
	<u>\$ 2,502,696</u>	<u>\$ 2,478,263</u>

Other

The Authority has received contributed capital which is restricted to the purposes for which the funds were contributed. Towamencin Township has contributed funds for the cost of constructing and maintaining a pump station located within its geographic boundaries. Also, developers and others within the Towamencin Township have paid tapping fees to the Authority. The unspent portion of these contributions and accrued interest thereon are reflected as restricted assets on the Authority’s statements of net position

NOTE G - LONG-TERM DEBT

General Obligation Notes and Bonds

The government issues general obligation notes and bonds to provide funds for the acquisition, construction, and improvement of facilities and the purchase of equipment and open space. General obligation notes and bonds have been issued for the governmental activities only. Sewer Revenue Notes were issued for Wastewater System capital projects. The original amount of notes and bonds issued was \$21,602,000.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE G - LONG-TERM DEBT (Continued)

General obligation notes and bonds are direct obligations and pledge the full faith and credit of the government. These notes and bonds are generally issued as 20-30 year serial notes and bonds with varying amounts of principal maturing each year. General obligation notes and bonds and guaranteed sewer notes currently outstanding are as follows:

Purpose	Interest Rates	Amount
Governmental activities	1.0% - 2.4%	\$ 7,391,000
Business-type activities	1.2%	1,304,000
		<u>\$ 8,695,000</u>

Interest Rate Management: The Township has notes outstanding with Delaware Valley Regional Finance Authority (DVRFA) as described below. The DVRFA has issued bonds to provide funds for these loans and has entered into interest rate swap agreements with Bank of America (BANA) and Citibank. The objective is to reduce the costs to participants in the DVRFA Loan Program and to enhance the ability of participants to manage their interest rate risks. The interest rate swaps serve as hedges against swings in the cash flows that would be required to repay outstanding debt.

The significant terms of the interest rate swap were as follows:

Description	Date of Issue	Maturity Date	Principal Outstanding	Type of Note	Rate in Effect at Year-End	Market Value
GO Note	2002	2031	\$ 1,865,000	Fixed	1.136%	\$ 27,898
GO Note	2012	2032	1,387,000	Fixed	1.968%	20,748
GO Note	2019	2034	706,000	Fixed	2.448%	10,561
GO Note	2019	2026	1,799,000	Fixed	1.743%	26,911
GO Note	2021 A	2031	1,421,000	Fixed	1.043%	21,256
GO Note	2021 B	2031	213,000	Fixed	1.052%	3,186
Guaranteed Sewer Notes	2013	2033	1,304,000	Fixed	1.157%	19,506

Interest Rate Risk: The Township has the option under the loan agreements to pay a variable rate of interest or a fixed rate. If the Township elects the variable rate, the interest rate, based upon the Securities Industry and Financial Markets Association Municipal Swap Index (the "Municipal Swap Index"), adjusts weekly with a maximum interest rate of 15%. If the Township elects a fixed rate, the rate, with terms and conditions selected by the Township, would be set based upon the fixed rate swap market at that time with a new confirm executed by DVRFA under the DVRFA Swap Agreement. The Township has the option to convert all or a portion of the variable rate notes to a fixed rate at any time to mitigate the exposure to changes in interest rates.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE G - LONG-TERM DEBT (Continued)

Basis Risk: The Township does not have a basis risk.

Credit Risk: The Township is exposed to credit risk on the swaps only when their fair values are negative or liabilities. At December 31, 2024, the swap had a positive fair value and the maximum amount of loss due to credit risk is zero. The long term unsecured, senior debt ratings of DVRFA are currently A1 and A+ by Moody's and Standards & Poor's, respectively.

Termination Risk: The Township is obligated to pay any Termination Payment associated with the portion of the DVRFA Swap Agreement allocable to the applicable note. A Termination Payment may be incurred due to the termination of all or a portion of the DVRFA Swap Agreement with the mutual consent of DVRFA, BANA, Citibank, and the Township. These termination payments could be triggered in the event of (i) a payment default by the Township under the Loan Agreement, (ii) a payment default by DVRFA, BANA, or Citibank under the DVRFA Swap Agreement, (iii) the occurrence of events that may precipitate a payment default by DVRFA, BANA, or Citibank or (iv) the downgrading of the long term, unsecured, senior debt ratings of BANA, Citibank, or DVRFA. In all instances of termination, except a payment default on a note converted to a fixed rate, DVRFA would seek to replace the DVRFA Swap Agreement with a new interest rate swap agreement with similar terms and conditions. The amount of the Termination Payment is determined by the market value of the DVRFA Swap Agreement; therefore, the cost or income of the replacement swap should offset the cost or income from the Termination Payment.

DVRFA may not be able to secure the replacement interest rate swap if the swap market is not functioning normally or if DVRFA does not have access to the swap market. If DVRFA was obligated to make a payment and sufficient funds were not available, DVRFA could access each borrower its allocable share of the termination payment. The estimated Termination Payment (i.e., the market value) for the DVRFA Swap Agreement allocable to the Township debt as of December 31, 2024, is shown in the table on the previous page.

In the event of a Termination Payment, DVRFA would assess the net loss, if any, to the Township. Any net gain on the Termination Payment allocable to variable rate Notes would be retained by DVRFA.

Rollover Risk: This is the risk that the derivative does not last as long as the associated debt is outstanding. There is rollover risk on the interest rate swaps only to the extent that the swaps may be terminated prior to the maturity of the debt, as described above. Absent a termination event, the swap is scheduled to mature at the same time as the related debt.

Market Access Risk: The Township does not have this risk.

Debt service for general obligation bonds is funded primarily from real estate taxes for governmental activities and charges for service in the business type activities. Any liabilities for compensated absences, net pension liabilities, and total OPEB liabilities are generally liquidated by the general fund.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE G - LONG-TERM DEBT (Continued)

The annual debt service requirements to maturity, including principal and interest, for long-term debt, as of December 31, 2024, are as follows:

Year Ending December 31,	Governmental Activities		
	Principal	Interest	Totals
2025	\$ 1,878,000	\$ 100,600	\$ 1,978,600
2026	1,349,000	80,128	1,429,128

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE G - LONG-TERM DEBT (Continued)

Component Unit - Towamencin Municipal Authority

On May 13, 2015, the Authority issued Guaranteed Revenue Note, Series of 2015, in the maximum aggregate principal amount of \$9,300,000. On July 26, 2019, The Authority currently refunded the Series of 2015 Note by the issuance of the Guaranteed Sewer Revenue Notes, 2019 series in the aggregate par amount of \$8,026,000.

The issue is to (1) refinance the current refunding of the 2015 Notes and (2) pay the costs of issuance and fund the 2019 Project which will benefit and contribute to the health and general welfare of the Township's residents.

As a continued part of this agreement, Towamencin Township entered into a Guaranty Agreement for the timely payment of the principal and interest due on this note. Principal payments are due annually ranging from \$427,000 to \$584,000 through May 2035 at an interest rate of 2.098%.

<u>Year</u>	<u>Component Unit - Towamencin Municipal Authority</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Totals</u>
2025	\$ 474,000	\$ 115,862	\$ 589,862

NOTE H - RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the Township carries commercial insurance. The Township participates in a public entity risk pool (Delaware Valley Insurance Trust - DVIT) operated as a common risk management and insurance program for municipalities. All members of the pool are collectively assuming a portion of each loss. During coverage year 2024 the Trust retained the first \$1,000,000 of each loss for the following liability lines of coverage: General, Public Officials, Automobile and Law Enforcement. The Trust purchased reinsurance for losses in excess of the \$1,000,000 retention up to the trust coverage limits of \$11,000,000. The \$10,000,000 layer of excess coverage is provided by Government Entities Mutual (GEM).

TOWAMENCIN TOWNSHIP

NOTES TO THE BASIC FINANCIAL STATEMENTS

DECEMBER 31, 2024

NOTE H - RISK MANAGEMENT (Continued)

DVIT also serves as group purchaser of boiler and machinery and crime and public officials' policies for its members. The calculation of premium contributions, loss assessments and any redistribution or surplus is predicated on each participant's individual loss history. An experience modification factor is applied to annual membership contributions. The insurance expense for the year ended December 31, 2024 was \$232,220. The pooling agreement permits the pool to make additional assessments to its members. At December 31, 2023 there were no additional assessments due or anticipated. Instead the pool declared a dividend of which Towamencin Township's share was \$4,429.

The Township is also a member of the Delaware Valley Workers' Compensation Trust (DVWCT), a risk retention pool. The insurance expense for the year ended December 31, 2024 was \$116,779. The Trust declared a dividend in 2023. Towamencin Township's share of the dividend distribution was \$19,507. At December 31, 2024, there were no additional assessments due or anticipated. Instead, an audit of the reported 2024 payroll will be performed during the first quarter of 2025.

The Township is also a member of the Delaware Valley Health Insurance Trust, a risk retention pool, which provides both medical and dental coverage. The insurance expense for the year ended December 31, 2024 was \$999,557 for both medical and dental.

NOTE I - CONTINGENT LIABILITIES

In the normal course of business, there are various relatively minor claims and suits pending against the Township, none of which materially affect the financial position of the Township.

NOTE J - DEFINED BENEFIT PENSION PLAN (POLICE PENSION PLAN)

Summary of Significant Accounting Policies

Police Pension Plan financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Plan member contributions are recognized in the period in which they are due. Employer contributions are recognized as due when pursuant to formal commitments, as well as statutory or contractual requirements. Investment income is recognized as revenue when earned. Retirement benefits and refunds are recognized when due and payable in accordance with terms of the Plan. Other expenses are recognized when the corresponding liabilities are incurred. The net appreciation/(depreciation) in fair value of investments is recorded as an increase/(decrease) to investment income based on the valuation of investments. The entire expense of Plan administration is charged against the earnings of the Plan. Investment earnings are reduced for investment management fees, portfolio evaluation, custodial services, and actuarial services, as required by State statutes.

Plan Description

Plan Administration - The Township administers the Police Pension Plan--a single-employer defined benefit pension plan that provides pensions for all regular, full-time sworn police officers. The plan is part of the Township's financial reporting entity and is included in the Township's financial statements as a Pension Trust Fund. The plan does not issue separate, stand-alone financial statements.

The Towamencin Township Board of Supervisors has established a formal Pension Board for the management of plan assets. The Board has a total of four members comprised of an active employee representative of the plan and two Supervisors appointed by the Board of Supervisors. The members of the Pension Board serve as Trustees of the Pension Plans. The Township Manager is appointed as the chief administrative officer. The Pension Board meets with the investment consultant quarterly.

Plan Membership - At December 31, 2024, plan membership consisted of the following:

Inactive plan members or beneficiaries currently receiving benefits	21
Inactive plan members entitled to but not yet receiving benefits	2
Active plan members	<u>23</u>
	<u><u>46</u></u>

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE J - DEFINED BENEFIT PENSION PLAN (POLICE PENSION PLAN) (Continued)

Benefits Provided - The Police Pension Plan provides retirement benefits, as well as death and disability benefits, to full-time police employees who receive an honorable discharge or to their beneficiaries under Pennsylvania Act 600. All benefits vest after 12 years of credited service. Employees who retire at or after age 50 and with 25 years of credited service are entitled to a monthly retirement benefit, payable for life, in an amount equal to 50 percent of their average monthly pay received during the last 36 months of employment (base pay plus longevity if hired on or after January 1, 2016), plus a service increment of \$100 per month upon completion of 26 years of service, \$200 if 27 years, \$300 if 28 years, \$400 if 29 years, and \$500 if 30 years are completed. If a police employee leaves covered employment after completing 12 years of total service, for reason other than being terminated for conviction of a felony or crime, that employee will retain a non-forfeitable right to a percentage of his/her accrued benefit, based on years of service. Such pension or retirement benefits shall be paid on the date the employee reaches retirement age. A member is eligible for early retirement after completion of 20 years of service. The early retirement benefit is equal to the actuarial equivalent of the benefit accrued at early retirement. If an active member is disabled in the line of duty, he is eligible for disability pay, equal to 50% of the member's monthly salary at time of disability, offset by Social Security Disability Benefit.

If a member dies in service, a benefit will be paid per Acts 51 and 101 by the Commonwealth of Pennsylvania to the surviving spouse. Covered employees are required by statute to contribute 5% of their compensation to the plan. The Township is required by statute, principally Pennsylvania Act 205, to contribute the remaining amounts necessary to finance the plan.

Benefit and contribution provisions are established by Pennsylvania law and may be amended only as allowed by Pennsylvania law.

Contributions - Officers who are members in the plan are required to contribute 5% of applicable wages to the plan. Interest is credited to each member's account each year at 7% per year. Contributions are determined on an annual basis. Administrative costs and investment costs of the plan are financed through an addition to the Actuarially Determined Employer Contribution. Pennsylvania Act 205 of 1984 (as amended) requires that annual contributions be based upon the minimum municipal obligation ("MMO"), which is based on the plan's actuarial valuation. The MMO includes the normal cost, estimated administrative expenses and an amortization contribution of the unfunded actuarial accrued liability, less estimated member contributions, and a credit equal to 10% of the excess (if any) of the actuarial value of assets over the actuarial accrued liability. The Commonwealth provides an allocation of funds, which must be used for pension funding. A financial requirement established by the MMO, which exceeds state and member contributions, must be funded by the employer.

In 2024, the MMO obligation for the Police Pension Plan was \$380,044. Contributions of \$380,044 were made by the Township.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE J - DEFINED BENEFIT PENSION PLAN (POLICE PENSION PLAN) (Continued)

DROP - Effective October 14, 2015, members who have attained age 53 and completed 25 years of service may elect to participate in the DROP. A later DROP entry is not permitted. The DROP period may not exceed 12 months. No employees were in the plan as of December 31, 2024.

Investments

Investment Policy - The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the Township Pension Board. The policy is to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The pension plan's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans.

The following was the Board's adopted asset allocation policy as of December 31, 2024:

<u>Asset Class</u>	<u>Target Allocation</u>
Domestic equity	62%
International equity	13%
Fixed income	20%
Cash	5%
	<u>100%</u>

Rate of Return - For the year ended December 31, 2024, the annual money-weighted rate of return on plan investments, net of plan investment expense, was 10.38%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net Pension (Asset) Liability of the Township

The components of the net pension (asset) liability of the Township at December 31, 2024, were as follows:

Total pension liability	\$ 18,661,365
Plan fiduciary net position	<u>(19,339,460)</u>
NET PENSION LIABILITY (ASSET)	\$ <u>(678,095)</u>
Plan fiduciary net position as a percentage of the total pension liability	<u>103.63%</u>

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE J - DEFINED BENEFIT PENSION PLAN (POLICE PENSION PLAN) (Continued)

Actuarial Assumptions - The total pension liability was determined by an actuarial valuation as of January 1, 2023, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3%
Salary increases	4.5% annual increase
Investment rate of return	7.0%

Mortality rates were based on the PubS-2010 mortality table.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the plan’s target asset allocation as of December 31, 2024 (see the plan’s investment policy) are summarized in the following table:

Asset Class	Long-Term Expected Real Rate of Return
Domestic equity	5.50%-7.50%
International equity	4.50%-6.50%
Fixed income	1.00%-3.00%
Cash	0.00%-1.00%

Discount Rate - The discount rate is based on the long-term expected rate of return on plan investments that expected to be used to finance the payments of benefits. The plan’s fiduciary net position is projected to be sufficient to make projected benefit payments and the plan assets are expected to be invested using a strategy to achieve that return. The employer has always met the funding requirements of Pennsylvania law Act 205 of 1984. Act 205 requires full funding of the entry age normal cost plus plan expenses, as well as amortization of the unfunded liability to ultimately achieve a 100% funded status.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE K - DEFINED BENEFIT PENSION PLAN (NON-UNIFORMED EMPLOYEES' PENSION PLAN)
(Continued)

Plan Description

Plan Administration - The Township administers the Non-Uniformed Employees' Pension Plan--a single employer defined benefit plan that covers all full-time non-uniformed employees of the Township who have met the eligibility requirements. An employee joins the plan on the first day of the month following employment. Prior to December 31, 1994, participation occurred on the first day of the year following employment. Prior to January 1, 1985, participation is assumed to start on the date of employment. Employees hired after August 1, 2014 are not eligible to participate in the plan. Beginning in August of 2014, the Township offered a Money Purchase Plan for Non-Uniformed employees hired on or after August 1, 2014. The plan is part of the Township's financial reporting entity and is included in the Township's financial statements as a Pension Trust Fund. The plan does not issue separate, stand-alone financial statements.

The Towamencin Township Board of Supervisors has established a formal Pension Board for the management of plan assets. The Board has a total of four members comprised of an active employee representative of the plan and two Supervisors appointed by the Board of Supervisors. The members of the Pension Board serve as Trustees of the Pension Plans. The Township Manager is appointed as the chief administrative officer. The Pension Board meets with the investment consultant quarterly.

Plan Membership - At December 31, 2024, pension plan membership consisted of the following:

Inactive plan members or beneficiaries currently receiving benefits	16
Inactive plan members entitled to but not yet receiving benefits	9
Active plan members	8
	<hr/>
	33
	<hr/>

Benefits Provided - The Non-Uniform Employees' Pension Plan provides retirement benefits to full-time non-uniformed employees of the Township or to their beneficiaries. All benefits vest after 10 years of credited service. Employees who retire at or after age 65 and with 10 years of credited service are entitled to a monthly retirement benefit, payable for life, in an amount equal to two percent of their average compensation received during the last 36 months of employment multiplied by total years of service, not to exceed 25 years. Employees with 15 years of credited service may retire at or after age 60 and receive a reduced benefit. If an employee leaves covered employment after completing five years of total service, for reasons other than retirement or death, the participant will retain a non-forfeitable right to a percentage of his/her accrued benefit, based on years of service.

The benefit provisions of the Township's Non-Uniformed Employees' Pension Plan are established by Township ordinances.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE K - DEFINED BENEFIT PENSION PLAN (NON-UNIFORMED EMPLOYEES' PENSION PLAN)
(Continued)

Contributions - Contributions are determined on an annual basis. Administrative costs and investment costs of the plan are financed through an addition to the Actuarially Determined Employer Contribution. Pennsylvania Act 205 of 1984 (as amended) requires that annual contributions be based upon the minimum municipal obligation (MMO), which is based on the plan's actuarial valuation. The MMO includes the normal cost, estimated administrative expenses and an amortization contribution of the unfunded actuarial accrued liability, less estimated member contributions, and a credit equal to 10% of the excess (if any) of the actuarial value of assets over the actuarial accrued liability. The Commonwealth provides an allocation of funds, which must be used for pension funding. A financial requirement established by the MMO, which exceeds state and member contributions, must be funded by the employer.

In 2024, the MMO obligation for the Non-Uniformed Employees' Pension Plan was \$98,040. Contributions of \$98,040 were made by the Township. Non-Uniformed employees were not required to contribute to the Plan in 2024.

Investments

Investment Policy - The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the Township Board of Supervisors. The policy is to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The pension plan's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans.

The following was the Board's adopted asset allocation policy as of December 31, 2024:

NOTE K - DEFINED BENEFIT PENSION PLAN (NON-UNIFORMED EMPLOYEES' PENSION PLAN)
(Continued)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - For the year ended December 31, 2024, the Township recognized pension expense of \$8,862 for the Non-Uniformed Employees' Pension Plan. At December 31, 2024, the Township reported deferred outflows of resources and deferred inflows of resources related to the Plan from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ -	\$ 284,101
Change of assumptions	60,580	-
Net difference between projected and actual earnings on pension plan investments	<u>55,690</u>	<u>-</u>
TOTAL	\$ <u><u>116,270</u></u>	\$ <u><u>284,101</u></u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending <u>December 31,</u>	
2025	\$ (61,827)
2026	14,841
2027	(87,746)
2028	<u>(33,099)</u>
	\$ <u><u>(167,831)</u></u>

NOTE L - NON-UNIFORMED EMPLOYEES' MONEY PURCHASE PLAN

The Non-Uniformed Employees' Money Purchase Plan provides retirement benefits to full time non-uniformed employees of the Township who were hired on or after August 1, 2014. Benefits vest on a percentage basis according to years of service beginning after 3 years and are fully vested after 7 years of service. The Township contributes on behalf of each participant 3.5% of earnings for the plan year. A member is eligible for normal retirement after the attainment of age 65. The Plan does not issue stand-alone financial statements.

The authority under which obligations to contribute to the Plan by the plan members, the employer and other contributing entities is established or may be amended by Township Ordinance.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE M - EMPLOYEE RETIREMENT PLAN

Component Unit - Towamencin Municipal Authority

The Authority provides retirement benefits for its full-time employees through a defined contribution money purchase retirement plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan, plus earnings on plan investments.

The Authority contributes 5.5% of each eligible employee's compensation to the plan. Each eligible employee may also contribute up to 21.5% of their compensation. The contributions made by the Authority on behalf of each employee and the earnings allocated to their accounts become 100% vested upon eligibility after two years of service. Authority contributions may not be distributed to the employee until age 65, except for death or disability.

The Authority's contributions in 2024 were \$69,644. Retirement benefits may be obtained at age 59 1/2.

NOTE N - DEFERRED COMPENSATION PLAN

The Township offers a deferred compensation plan for its employees. The plan, which is designed under the provisions of Internal Revenue Code Section 457, permits employees to make voluntary contributions from their salary which are excluded from federal taxable income until future years, the deferred compensation is not available to employees until termination, retirement, death or an unforeseeable emergency.

The contributions are invested with an outside trustee and are held for the exclusive benefit of participants or their beneficiaries and are therefore not included in the accompanying combined balance sheets of the Township. The Township contributed \$0 to the plan during the year ended December 31, 2024.

Component Unit - Towamencin Municipal Authority

The Authority has a deferred compensation plan for its employees. The plan, which is designed under the provisions of Section 457 of the Internal Revenue Code, permits employees to make voluntary contributions from their salaries which are excluded from federal taxable income. A maximum contribution of up to \$23,000 can be contributed and deferred under the plan. The contributions are invested with an outside trustee.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE O - POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

Description of the Plan

Through police contract, the Township agrees that it will pay seventy five (75%) percent of the premium costs of the healthcare insurance coverage plans then being offered to the active full-time Police Officers (50% for officers hired on or after October 15, 2012 and before January 1, 2016), for each superannuated retired Officer, providing said retired Officer and spouse with continued hospitalization, major medical, surgical, drug and vision care as set forth in the healthcare plan then in effect for full-time Police Officers, subject to the certain conditions. Officers hired on or after January 1, 2016 shall have the option to remain on the Township provided health insurance plan with the officer responsible for 100% of the Township's premium cost.

Such coverage shall only be provided to those Officers who have retired after completing twenty five (25) years of continuous service and have achieved fifty (50) years of age. The Township shall pay for the continued coverage and bill the retiree or spouse for the applicable percent of the premium cost. If the retiree or spouse shall fail or neglect to reimburse the premium cost to the Township within thirty (30) days of submission, the Township shall be relieved of further obligation to pay insurance for any superannuated retiree or spouse. Any superannuated retired Officer who shall elect not to participate in this post-retirement medical insurance program or, who having once participated therein, shall elect to discontinue participation in the program, for any reason whatsoever, including non-payment as described above, shall not be permitted to resume participation in the program.

Officers retiring on or after January 1, 2012 shall be able to withdraw from their Township provided health insurance coverage during those periods where they are covered by other health insurance. Upon 30 day notice, or at the time upon a COBRA qualifying event, the employee, with eligible spouse and dependents, may enroll in the Township health insurance plans.

The Township's duty to continue to pay seventy five (75%) or fifty (50%) percent of the premium costs for a superannuated retiree and spouse shall terminate upon the retirees eligibility for Medicare and Medicaid, or death of retiree, except that the Township shall continue to pay seventy five (75%) or fifty (50%) percent of the premium costs for surviving spouse until eligible for Medicare or Medicaid.

In the event that a police officer retires upon disability, the retiree, spouse, and any non-spouse dependents may also continue to participate in the health care insurance coverage offered through the Township until the disabled officer reaches normal retirement age. The Township shall pay the same percentage of premium costs for the coverage as that of a working officer until the officer reaches normal retirement age. At that point, he or she will be eligible for the same health insurance benefits as retired officers.

The Township also agrees to provide each retiring Officer who shall serve full term to superannuation, without cost to the Officer, life insurance coverage in the sum of five thousand (\$5,000) dollars, for the remainder of his or her life.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE O - POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

In the event that an officer retires upon disability, the Township agrees to provide him or her \$50,000 of life insurance coverage until normal retirement age. The amount of life insurance is then reduced to \$5,000 for the remainder of his or her life.

Employees covered by benefit terms - At January 1, 2024, the date of the latest actuarial valuation, the following employees were covered by the benefit terms:

Inactive employees currently receiving benefit payments	17
Inactive employees entitled to but not yet receiving benefit payments	0
Active employees	<u>21</u>
 TOTAL MEMBERSHIP	 <u><u>38</u></u>

Total OPEB Liability

The Township’s total OPEB liability of \$3,998,946 was measured as of December 31, 2024 and was determined by an actuarial valuation as of January 1, 2024.

Actuarial assumptions and other inputs - The total OPEB liability in the January 1, 2024 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	3.0%
Salary increases	4.5% annual increase
Discount rate	4.00%
Healthcare cost trend rates	7.0% in 2024 with 0.5% decrease per year until 5.5% in 2027. Rates gradually decrease from 5.4% in 2028 to 4.0% in 2075 and later.

The discount rate was based on the S&P Municipal Bond 20-Year High Grade Rate Index at January 1, 2024.

Mortality rates were based on the PubS-2010, including rates for disabled retirees and contingent survivors. Incorporated into the table are rates projected generationally using Scale MP-2021 to reflect mortality improvement.

Benefit payments	(136,499)
NET CHANGES	<u>500,750</u>
BALANCES AT DECEMBER 31, 2024	<u>\$ 3,998,946</u>

Changes of assumptions and other inputs reflect a change in the discount rate from 4.31% in 2023 to 4.00% in 2024.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate - The following represents the total OPEB liability of the Township, as well as what the Township's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (3.00%) or 1-percentage point higher (5.00%) than the current discount rate:

	1% Decrease (3.00%)	Current Discount Rate (4.00%)	1% Increase (5.00%)
Total OPEB liability	\$ <u>4,344,992</u>	\$ <u>3,998,946</u>	\$ <u>3,686,744</u>

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates - The following represents the total OPEB liability of the Township, as well as what the Township's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage point lower or 1-percentage point higher than the current healthcare cost trend rates:

	1% Decrease	Current Discount Rate	1% Increase
Total OPEB liability	\$ <u>3,626,348</u>	\$ <u>3,998,946</u>	\$ <u>4,428,282</u>

TOWAMENCIN TOWNSHIP

NOTES TO THE BASIC FINANCIAL STATEMENTS

DECEMBER 31, 2024

NOTE O - POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB - For the year ended December 31, 2024, the Township recognized OPEB expense of \$127,037. At December 31, 2024, the Township reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 345,301	\$ 740,864
Change of assumptions	330,499	690,667
Benefit payments subsequent to the measurement date (1/1/2024)	<u>199,831</u>	<u>-</u>
	<u>\$ 875,631</u>	<u>\$ 1,431,531</u>

\$199,831 reported as deferred outflows of resources resulting from OPEB contributions subsequent to the measurement date will be recognized into the OPEB liability in the year ended December 31, 2024. Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year Ending December 31,</u>	
2025	\$ (170,088)
2026	(190,381)
2027	(168,834)

2029	(146,927)
Thereafter	<u>5,145</u>
	<u>\$ (755,731)</u>

NOTE P - ESCROW CASH DEPOSITS AND INVESTMENTS

The Township acts in a custodial capacity with respect to monies deposited with it by developers and others. These monies are held by the Township and used to pay legal, engineering, and other fees incurred on behalf of a specific project. Any unused deposits are returned to the developer upon completion of the project, except for an administrative handling fee.

TOWAMENCIN TOWNSHIP
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE Q - SERVICE AGREEMENT

Sanitary Sewer Lease

Upper Gwynedd Township will pay \$1,125,000 to Towamencin Township adjusted annually for new residential connections or changes to commercial flow, until its project to redirect its flow is complete. Upper Gwynedd Township paid \$125,759 for the year ended December 31, 2024.

Operating Service Charges

An operating service charge between the Township and the Authority is based on the Authority's operating budget is payable in quarterly installments. The charge is subject to adjustment after the close of each year when actual amounts are available.

The operating service charge adjustment for the year ended December 31, 2024, applying the accrual basis, is computed as follows:

	<u>Total</u>
ALLOCATION CALCULATION	
Current year's operating service charge payments	\$ 5,003,705
Sludge removal reimbursements	558,406
Pump station reimbursement	339,786
Miscellaneous income	184
TOTAL OPERATING REVENUE	<u>5,902,081</u>
Current year's total operating costs	4,993,932
Less earnings on investments	2,914
NET OPERATING COSTS ALLOCATED	<u>4,991,018</u>
CURRENT OPERATING SERVICE CHARGE ADJUSTMENT, UNDER	<u>\$ 911,063</u>

NOTE R - SKIPPACK CREEK WATERSHED MULTI-MUNICIPAL POLLUTION REDUCTION PLAN

In 2022, Towamencin Township entered into an intergovernmental agreement (the "Agreement") with the Townships of Hatfield, Worcester, Skippack, and Lower Providence to jointly undertake specific Best Management Practice ("BMP") stormwater management projects. These projects are required to meet mandated phosphorus and sediment reduction requirements mandated by the members' MS4 Permit, issued by the Pennsylvania Department of Environmental Protection ("DEP"). Project details are outlined in the Skippack Creek Watershed Multi-Municipal Pollution Reduction Plan (the "Plan").

TOWAMENCIN TOWNSHIP

NOTES TO THE BASIC FINANCIAL STATEMENTS

DECEMBER 31, 2024

NOTE R - SKIPPACK CREEK WATERSHED MULTI-MUNICIPAL POLLUTION REDUCTION PLAN (Continued)

Participating municipalities are obligated to share project construction costs, including associated design, engineering, and permitting expenses ("Shared Expenses") pursuant to a cost sharing methodology:

Township	Cost Share
Hatfield	9.73%
Lower Providence	17.61%
Skippack	12.21%
Towamencin	44.20%
Worcester	16.25%
	<hr/> 100.00%

The primary projects required to meet the Plan's 935,600 lbs/year sediment reduction goal are currently estimated to cost \$5,192,000 with a Towamencin Township share of approximately \$2,295,000. The current permit period under which improvements must be made expires November 2027. Any grant funds received by participating municipalities for projects constructed under the Agreement will reduce Shared Expenses.

NOTES TO SCHEDULE

Valuation date: January 1, 2023 January 1, 2021

Actuarially determined contribution rates are calculated as of January 1, two to four years prior to the end of the fiscal year in which the contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal	Entry age normal
Amortization method	Level dollar, closed	Level dollar, closed
Remaining amortization period	N/A	8 years
Asset valuation method	Smoothed value with a corridor of 80% to 120% of market value	Smoothed value with a corridor of 80% to 120% of market value
Inflation	3.0%	3.0%
Salary increases	4.5% annual increase	4.5% annual increase
Investment rate of return	7.0%	7.0%
Retirement age	Latest of age 53, age at the completion of 25 years of service	Latest of age 53, age at the completion of 25 years of service
Mortality	PubS-2010 mortality table	PubS-2010 mortality table

Assumption Changes: For the January 1, 2019 valuation, the salary increases decreased from 5.0% to 4.5%, the investment rate of return decreased from 7.5% to 7.0%, and the mortality tables were updated to the PubS-2010.

NOTES TO SCHEDULE

Valuation date: January 1, 2023 January 1, 2021

Actuarially determined contribution rates are calculated as of January 1, two to four years prior to the end of the fiscal year in which the contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal	Entry age normal
Amortization method	Level dollar closed	Level dollar closed
Remaining amortization period	N/A	9 years
Asset valuation method	Smoothed value with a corridor of 80% to 120% of market value	Smoothed value with a corridor of 80% to 120% of market value
Inflation	3.0%	3.0%
Salary increases	4.5% annual increase	4.5% annual increase
Investment rate of return	7.0%	7.0%
Retirement age	Normal retirement age	Normal retirement age
Mortality	PubG-2010 mortality table	PubG-2010 mortality table
Change in benefit terms	None	None

Assumption Changes: For the January 1, 2019 valuation, the salary increases decreased from 5.0% to 4.5%, the investment rate of return decreased from 7.5% to 7.0% and the mortality tables were updated to the PubG-2010.
